## **TRIUMPH THERMAL SYSTEMS, LLC. (TTS) APPOINTS NEWGENAEROSPACE CORPORATION AS EXCLUSIVE DISTRIBUTOR FOR THE PEOPLE'S REPUBLIC OF CHINA – MAINLAND CHINA, HONG KONG, MACAO, TAIWAN, JAPAN, SINGAPORE, INDONESIA, MALAYSIA AND SOUTH KOREA.**

Effective August 1st, 2014, TTS appoints NGAC as the Exclusive Distributor for the defined market area in the countries of the Peoples Republic of China – Mainland China including Hong Kong, Macao, Taiwan, Japan, Singapore, Indonesia, Malaysia and South Korea.

NGAC will handle all sales, marketing and operational functions, and appropriate packaging requirements for all airlines, operators, MROs, distributors, dealers and parts brokers - including those not currently under contract with TTS.

"We are delighted at the prospects of this new agreement with NewGenAerospace Corporation." said Cris Rickle, Manager/Aftermarket Services, Triumph Thermal Systems. "Since we entered into an agreement with NewGenAerospace Corporation back in September of 2007, we have enjoyed a successful track record through their excellent reputation and innovative solutions. They are well suited to handle the requirements in mainland China, Hong Kong, Macao and Taiwan."

Tom Klapperich, President of NewGenAerospace, commented, "We are focused on taking TTS' high quality thermal management products and repair services to a new level of success by combining our extensive worldwide distribution network and our integrated sales and marketing strategy to enhance their products. Our services are a natural fit for TTS and we look forward to mutual success for our companies."

This agreement not only includes "factory new" material but also Rotable product, exchange pool product, piece parts and facilitating repairs done by TTS. Any pricing received from NGAC for our product will be certified as material directly from TTS.

### **About TTS:**

Since 1929, Triumph Thermal Systems (TTS) has been providing high-quality thermal management technologies to commercial customers worldwide. With in-house design, development, testing, and manufacturing capabilities, along with NewGenAerospace's quality service and innovative programs, our partnership is uniquely able to bring solutions to market faster than anyone else in the business.

Triumph Thermal Systems provides heat exchangers in aluminum, stainless steel and inconel material options for both plate fin and tubular geometries. Liquid Cooling Systems for airborne electronics thermal management is another product line we support. Triumph Thermal Systems is the aerospace industry's provider of choice for high-quality thermal management technologies. We are committed to being a leading global manufacturer and supplier of heat exchange and thermal transfer systems and components.

Triumph Thermal Systems is a premier solution provider for aircraft thermal management and support. They provide Plate Fin, Tubular, Surface Heat Exchangers, Liquid Cooling Systems, Electronic Cooling Systems, Oil Reservoirs, High Temperature Bleed Air Heat Exchangers, Hydraulic and Fuel Coolers and Heaters for aerospace systems.
